- 25X1 1. [] Mrs. Mary Leslie, in the office of Representative Samuel S. Stratton (D., N.Y.), called to say that the Congressman had a very good friend whom he would like to have interviewed for possible employment by the Agency. I advised Mrs. Leslie of our 25X1A currently tight hiring situation but suggested that she have [] 25X1 [] call Mr. [] Personnel, for a personal interview and that she could be assured that all possible employment opportunities would be explored. 25X1A
- 25X1 2. [] In follow-up of a call [] received from John Lucas, House Committee on Judiciary staff, called Frank J. Sherlock, Director Legislative Reference, General Counsel Office, Department of Defense, and answered his questions on [] a private relief bill for [] in connection with his preparation of a report to BOB on the enrolled bill. STAT
- 25X1 3. [] Miss Wood, in the office of Representative Clarence Miller (R., Ohio), called on behalf of a constituent interested in employment opportunities with the Agency and we sent her the appropriate brochures.
- 25X1 4. [] Touched base with Bill Woodruff, Senate Appropriations Committee staff, regarding our intention to obtain legislation comparable to the McGee bill. Woodruff said there was no particular need for clearing any of this with him but added that he was generally interested and appreciated our keeping him informed on our progress on this. In response to my question he saw no reason why we should not include in our current proposal the provision which would authorize the transfer of funds between our retirement system and the Civil Service system. He also saw no reason why we should not attempt to obtain legislation which would permit the Director to adopt administratively provisions of law enacted for the Civil Service system. On all of this, however, he deferred to our staff contacts with the House and Senate Armed Services Committees.
